HAMBURGER HILL

THE UK'S PREMIER PAINTBALL VENUE

The Site

We accept customer groups sized from 1 to 200 (All are welcome) - Due to our huge, unique game zone layout, we run several games simultaneously, with each game usually having around 50 players (2 teams of 25), comprising several smaller groups combined together to make each team.

An advantage to choosing a big, busy venue like Hamburger Hill is that due to large customer numbers, we are able to match our groups as evenly as possible so our clients generally play with and against others of similar age and ability.

A typical day here will have separate games for under 16's, Experienced Players, New Inexperienced Players, and Boisterous Stag Groups.

Exclusive games (with no other players merged with you) are available for Larger Groups of 40+.
